Court Sends Probation Violations Update Confirmation Notification (DSP923)

Exchange Description

Trial courts use this NIEM-based data exchange to send an acceptance response to the integration partner that initiated a probation violations update request from the Receive Probation Violations Update Notification (DSP821) data exchange.

- The notification message contains the probation violations information (e.g., CCMS case number, probation conditions, violation description, and filing document) sent by the integration partner to the court.

- No response message is sent by the integration partner upon successful receipt of the update confirmation notification. Successful delivery of the update confirmation notification is assumed unless an error in delivery or processing by the integration partner occurs.

Business Response Exchanges

The business response refers to any subsequent exchanges that may occur as a direct result of this exchange.

- There is no business response to this exchange.

Error Handling

If the integration partner does not successfully receive and process the incoming message, the trial court will receive an error message with an error code and error reason.

PROBABLE INTERESTED INTEGRATION PARTNERS

- Attorney General
- City attorney
- District Attorney—adult and juvenile
- Probation—adult and juvenile

RELATED EXCHANGES

Related data exchanges are preceding or subsequent data exchanges that may be used by an integration partner as part of the overall business process related to this exchange.

- Court Receives Probation Violations Update Notification (DSP821), which is used by the trial court to receive a probation violation notification filing from an integration partner.
- Court Sends Case Participant Demographic Information Notification (PF901), which is used to send updated participant demographic information if participant demographic information is updated by this exchange (DSP923).

For more information about this and other data exchanges, contact integrationpartners@jud.ca.gov

Additional Information

- A single exchange message is sent for each probation violation update confirmation notification.

- The response to this exchange message only occurs after receipt and processing by the integration partner. The only allowable response to this exchange is an error message that may occur after receipt and processing by the integration partner. The error response message must be sent as a separate message using the error format defined in this exchange.
